Gary Duncan

DJ and Compere

Thank you for considering my services for your party.

Often it seems that an event has been planned to the smallest detail, but the choice of Disc Jockey has been left to the last minute. Bearing in mind that your DJ is key to the success of your evening, making the right choice is vital.

I have been playing at venues of all kinds for over 30 years, and bring a wealth of experience to your event.

From your first enquiry through to the day itself, I am here to help you design your evening and ensure everything goes to your plan. My aim is to make the evening meet your vision and style. If you have songs that are special to you, or you would like a particular theme to your evening, I can accommodate your ideas.

For an idea of some of the events I have been involved with please see my website at www.garyduncandiscos.co.uk.

Gary Duncan

DJ and Compere

I carry a music collection covering seven decades, from the forties through to today's charts. I am more than happy to work with you to create a playlist of your choice, or you can rely on my experience to keep your audience entertained.

My high quality digital system ensures both the music, and myself, have a clear sound. A radio microphone is available for speeches and announcements. The light show has a variety of effects, and can include lasers and haze (where venues allow).

Gary Duncan

DJ and Compere

All equipment complies with annual PAT requirements. A certificate is available for venues on request.

I have £10 million Public Liability Insurance cover. Again, a certificate is available.

I am also a member of the National Association of Disc Jockeys and follow its guidelines on service quality.

Above all, my aim is to help you have an enjoyable and memorable night!
